

Information Pack: Cattle Race Channel

- ✓ Channel unit is designed to BS5502 & BS8110
- ✓ Easy to install, can be laid on solid ground (in most cases), no need to concrete in place
- ✓ Water tight joint achieved when using appropriate sealant
- ✓ Intersections and apertures can be cast in to suit multiple channel sections
- ✓ Bolt on end panels for ease of install & future extension of channels
- ✓ Saves time & money against traditional methods
- ✓ Smooth internal surface, beveled corners, optimised for agricultural hygienic use
- ✓ Can be used with slatted & solid covers

**Internal Size -
730mm(W) x 700mm(D) x 2000mm(L)
Weight - 1100Kg**

With a smooth internal surface and bevelled corners, this product is optimised for agricultural hygienic use. It is easy to install and has the same high-strength and low-cost of all Wolfenden products.

Our 950mm wide Diagonal Cattle Race Slat are specifically designed to run along this channel.
